

MESSAGES TO WOMEN 2009

We love you! We need you! Please be patient with us!

Thank you for encouraging us to be spiritual leaders in our families; for loving us when we're unlovable; for supporting us when we let you down; for showing us God's unfailing love; and for always being there when we need you. Because of who you are, we will try harder to be there every time and in every way you need us.

I am so grateful to the Women's Ministries where my wife found the motivation to change her spiritual path a few years ago. She planted the seeds of a spiritual transformation in my life; I believe just in the eleventh hour. Jesus is coming soon. It's time to focus on Jesus and abide in Him. Thanks wife for saving our lives. Keep looking up! It's all about Him!

The Bride of Christ is the church which implies that we men could not enjoy the same peace love and joy without our feminine wisdom and presence in our lives. Thanks for your faith and respect to our sense of deity.

The men need to have a woman who needs to support them and help them and always encourage them to hang out with other men. We often times need the woman to always sit down with us and have heartfelt conversations with.

Women of Oregon: Be strong and courageous – stand in the strength of the Lord – find your rest and peace in Jesus – that's the only place any of us can get it. I challenge you to be like our Lord. See the best in people – love like you've never been hurt. Don't let it hurt sometime – embrace it, feel it, take it to Jesus, and speak the truth in love to the one who hurt you – showing love and respect for Christ's sake. Live boldly – love courageously – hold to Jesus.

Dear Women of Oregon Women's Seminar: We men thank you for: being our encouragers and supporters, for wanting us to be men of God, for wanting and letting us be spiritual leaders in our homes and for not condemning us when we fail as such. For committing yourselves wholly to the principles of God's character and truth. For helping to be a spiritual example and advocate in our lives and in the lives of our children. For not condemning, complaining, gossiping, or rejecting. For praising (even when undeserved), understanding, tolerating, blessing your man. For being the child (woman) of God that you are.

Dear Ladies, Us guys are really blessed to be able to gather together and learn more about becoming "Kingdom Men." Please be patient with us. We are not perfect...yet. But that glorious day is coming when we will all be perfect! We long for that day and pray that you long for it too. As God works in us and changes us and as we learn to

cherish you and as we pray for you, please pray for us men. We greatly need it in these last days here on earth. With love and prayer in Jesus name, One of the Kingdom Men.

Without women life wouldn't be the same – sweet and loving.....

Catch us in the act of doing something right! Express appreciation, express admiration, express affirmation (AAA) we want to be your hero!

Thanks for supporting us as our wives, best friends, and partners. I'll be praying for you!

Thank you for being godly women! Thank you for being the symbol of the Holy Spirit in our families! We men need the softening and gentle influence of your womanhood. We celebrate your being feminine and are blessed by you being female. God blessed you with the nesting instinct! You make our homes warm, pretty, beautiful, soft, comfortable, peaceful, a place that we can hardly wait to come home to. Thank you for loving us, accepting us, praying for us and helping us be the spiritual leaders in our homes! You are truly the best part of our lives. We love and need you.

Thank you for your patience with us. When you show acceptance of us as we are right now, we are more likely to grow into someone you can love and cherish.

There is nothing on earth that is more wonderful than a godly woman. She is beautiful. Thank God for such a woman.

Ladies – you've asked for godly men. Well, we are asking for whole women, women who are compassionate, loving mercy and are just; women who are led by their Creator, who are of nurturing nature and who can companion their mate. May God bless each of us.

Always be there for your husband and husband's should do the same

Wife don't clip our wings; instead be the wind that helps us soar! Mom counsel the young men on how to treat woman. Women teach us to understand what you and say and really mean – WE DON'T HAVE A CLUE! (PS my wife is my spell checker :0)

To the supporting wives! The best advice that I can give is whether your husband walks in the way of the world or walks in the way of a godly man; always remember that the prayer of a faithful wife "can and will have a great effect on your man. Never, never, I repeat – never give up on your man! Reason for this is that we may seem ruff and tuff but really we are weak and not complete if our wife is not at our side. So stand strong in God by our side and you will find at the end of the race that we are there at the finish line with God handing the prize to BOTH YOU AND I!
